

NHP Employer Portal

Making it easier for you

The NHP Employer Portal is designed specifically to help you meet the needs of your business. You can manage benefits administration online, increasing efficiency and saving you both time and money.

The Employer portal on mynhp.com is your key to online tools and resources for UnitedHealthcare that simplifies your employee benefits administration and creates a better, more streamlined experience for you.

With our fully integrated system, you enter data once and it flows across all key areas. Employers can:

- 1** Enroll/disenroll employees and dependants.
- 2** Request replacement ID cards.
- 3** Download a list of active enrollees, updated daily.
- 4** Edit employee and dependent information.

Registration is quick and easy. From the mynhp.com home page, click "Request web account" in the "Employers" section.
