

Individual support for healthy babies and moms

Get personalized help through pregnancy and delivery with the Healthy Pregnancy Program.

Special services to help you during a special time in your life.

We want to help you ensure that you have a smooth pregnancy, delivery and a healthy baby. That's why we created the Healthy Pregnancy Program. By seeing your doctor regularly, and by enrolling in our Healthy Pregnancy Program, a free, program for UnitedHealthcare plan members, you'll have built in support through every stage of your pregnancy.

Personal attention

When you enroll in our Healthy Pregnancy Program, a care coordinator will consult with you to determine what, if any, risks or complications could arise during your pregnancy. By identifying your special needs or risks, we can help you practice healthy pregnancy habits and protect the well being of your baby. If you are identified as having special needs, a Healthy Pregnancy Program nurse will provide one-on-one support throughout your pregnancy. In addition, you may be referred to a neonatal nurse case manager for information about some of the best Neonatal Intensive Care Units (NICUs) near you so that you can make the best choices possible for your baby's health care needs. They can also help you improve the outcome if your baby does arrive early.

Enroll for these benefits

- 24-hour toll-free access to experienced nurses
- Identification of your risks and special needs
- Pregnancy and childbirth education materials and resources

Educational materials and resources

At www.healthy-pregnancy.com, you can access a full range of articles covering nutrition, exercise, childbirth preparation, tips for Dads and more. Our Web site also offers you a Healthy Pregnancy Owners' Manual that will walk you through what to expect before, during and after your pregnancy. At 13 weeks of pregnancy, you can also sign up for our maternity newsletter that delivers useful baby news to your inbox twice a month.

24-hour maternity nurse line

Everyone who enrolls receives important education materials covering a wide array of topics, including proper nutrition, preparing for childbirth, exercise during pregnancy, warning signs, and things to avoid.
